Environmental policy of CHEMOTEX Děčín a.s.

Our company CHEMOTEX Děčín a.s. deals with chemical and dry goods production as well as sale. These activities are major for our company and therefore the supreme qualitative objectives are targeted them.

Our company is fully aware of the importance of the environmental protection when dealing with production. Therefore it has decided for an active attitude towards environmental protection and for sustenance of environmental management system as stated by international norms CSN EN ISO 14001.

Our upbeat attitude towards environmental protection is enforced by means of fulfilling commitments mentioned below:

▪
Retain requirements of valid law regulations for environmental protection and further requirements the company has committed to adhere.
▪

Strive for elimination of negative impacts resulting from in-house activities, products and services on the environment and thus continuously better its environmental prestige.
▪

Prevent any damage situations that may – in final consequence - unfavourably influence the environment from coming to light.
▪

Prevent the air, water and soil from pollution and extreme creation of waste.
▪

Increase and deepen the awareness of environmental protection among its employees.
▪

Communicate with broad public, concerned sides and cooperate with state administration.
