Date of issue: 15.10.2010

Revision date: -

**Product characteristics**

**ALMIPAL CT-1 konc.** is water solution of sodium hydroxide, complexing substances and surface active agents.

**Use**

**ALMIPAL CT-1 konc.** is concentrate of alkaline cleaning and degreasing preparation. After dilution is used for cleaning and degreasing of strongly dirtied areas and surfaces. It can be used for cleaning of surfaces made up from stainless steel, common steel, ceramics and plastics and other materials resistant to alkaline environment. It is not suitable for cleaning of cast iron, aluminum, non-ferrous metals and their alloys.

**Product features**

**ALMIPAL CT-1 konc.** is colorless medium viscose fluid.

**ALMIPAL ČT 1 konc.** must comply with these quality signs:

Quality sign	Value	Methodology of setting
Dry matter in %	min. 30	PN-ZM 585/2010
3% pH of water solution	11,5 to 13	PN-ZM 585/2010

**Product manufacturing**

**ALMIPAL CT-1 konc.** is after dilution with water in ratio of 1:8 to 1:10 used for cleaning and degreasing of strongly dirtied areas and surfaces. In case of strong pollution lower dilution can be used. Diluted **ALMIPAL CT-1 konc.** is applied to the cleaned surface and is let to take effect for about 15 minutes. After that it is washed down with water. Higher efficiency can be achieved in combination with mechanical action, e.g. with brush or bottle-brush etc.

**Packing and storage**

**ALMIPAL CT-1 konc.** is delivered in UN PE cans of 25 or 50 litres content, or in other containers that have been discussed in advance. It is stored in closed containers in places protected from direct climatic influences. Recommended storage temperature is within +5 to +25 °C. Short-term exposure to lower temperatures, e.g. during transport, does not influence the application properties of the product. It is necessary to protect the mixture from frost!

**Transport**

**ALMIPAL CT-1 konc.** is transported in accordance with the ADR/RID regulations.

**Warranty**

If the product is transported and stored according to the above mentioned conditions, the warranty is 6 months from the date of stock-out.

**Note**

Data about the product characteristics and its manufacturing were acquired by laboratory measurements and application tests. This technical sheet can only give a legal advice without any obligation. The manufacturing of the product must be adjusted to the specific conditions.
